Dr. Wm. H. Graco-Dear Sir: In February, 1861, 1 was afflicted with the sugar diabetes, and for five months I passed more than two gallons of water in 24 hours. I was obliged to get up as often as ten or twelve times during the night and in five months I lost about 50 pounds in weight. During the month of July, '61, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good good health. Yours, truly. MOISSIM J. V. L. DE WITT.

BOSTON CONNERS, N. Y., Dec. 27th, 1861. WM. H. GREGG & Co:

Gents: I freely give you liberty to make use of the fol-lowing certificate of the value of Constitution Water, which I can recommend in the highest manner: My wife, who was attacked with pain in the shoulders, whole length of back, and in her limbs, with Palpitation of the Heart, attended with Falling of the Womb. Dysmenorrhora, and Irritation of the Bladuer. I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could find, who attended her for about nine menths, and while she was under his care she did not suffer quite as much pain; he finally gave her up and said, "her case was incurable" For, said he, "she has such a combination of complaints, that medicine given for one sperates against some other of her difficulties." About this time shecommenced the use of Constitution Water, and to our utter astonishment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced apermanent cure. WM M. VANBENSCHOTEN.

MILFORD, CONN., November 19th, 1861.

MR. WM. H. GREGG: Dear Ser. I have for several years been afflicted with that troublesome and dangerous disease, Gravel, which resisted all remedies and doctors, until I took Constitution Water, and you may be assured that I was exceedingly pleased with the result. It has entirely cured me, and you may make any use of my name you may see fit in regard to the medicine, as I have entire confidence in its Yours truly, POND STRONG.

The Sentinel for 1863!

THE governmental and political questions of the coming year will have an absorbing interest for every citizen. We are engaged in a gigantic civil war, the result of which none can foresee. It threatens a radica change in the institutions and principles upon which the Government was founded, and the destruction of the liberty and rights of the citizen, such as the people of no other nation have enjoyed, and t which may be attributed our unequaled progress in national prosperity and greatness. The issue will soon be upon us, whether this free Government shall be preserved and maintained and the rights of the States under the Constitution perpetuated, or a powerful central authority be permitted to grow out of this war, obliterating State lines, State institutions, and all those checks upon the Federal Government, rights reserved by the States, which have constituted the excellence and supe riority of our nationality-States "one as the sea" for the common objects set forth in the Constitution, but "distinct as the billows" in the management of their purely dome tic affairs. These questions were involved in the recent elections, and the voice of the people was most emphatically expressed for the "Constitution as it is and the Union as it was." Never was there a time when it was so important that the people should be therenghly advised as to the progress and condition of public affairs and of passing events. A people are not fit for self-government urless with an intelligent judgment they tions being now very numerous, the references to them decide upon the questions which affect alike their own in the volumes under consideration, will be of great value and the public welfare.
